The Editions

Microsoft Windows Vista is designed to dramatically improve the computing experience of every kind of PC user—from people at home who use their PCs for simple web browsing, to business people who must organize and act on large volumes of data, to scientists who routinely perform complex mathematical analysis. To make sure that everyone has an offering tailored to meet their specific needs, Microsoft will deliver five different editions of Windows Vista. Each edition is focused on the needs of a specific type of person. Large, global organizations with complex IT infrastructures should consider [Windows Vista Enterprise Edition](#).
